WHY CHOOSE CORAL EXPEDITIONS

Our fleet of three specialised expedition ships and tenders take guests to some of the most beautiful, yet undiscovered islands and coastal regions of the world. Our guests are attracted by our relaxed small ship atmosphere and itineraries larger ships cannot replicate.

At a time when the cruise industry is moving to larger and less personal ships with more gimmicks, we have purposefully limited the size of our ships to maximise the expedition experience. Our cuisine is prepared in small batches from our onboard galley using quality Australian produce and wine. We operate to high Australian standards of safety with qualified Australian crew wherever we go. We were the first to offer interpretive programs reflective of the destinations we visit and to employ Expedition Leaders, Guest Lecturers, Marine Biologists, and SCUBA Instructors - a tradition that continues today.

- **We focus on the destinations.** Connecting guests with nature, culture, and heritage with more time ashore in remote natural areas away from the crowds.
- **A true expedition ethos.** Small ships mean fewer guests and more intimate and personal encounters along the way. We have deep respect and strong connections with the places we visit and maintain flexibility in our planning to make impromptu stops if extraordinary opportunities in nature present.
- **Warm Australian hospitality.** Our all-Australian crew are passionate and proud to share the adventure with you. Always attentive and caring with a friendly and approachable style in keeping with our Australian values.
- **Purpose-built ships.** Designed for tropical expedition access, our fleet is comfortable, safe, and maneuverable enabling you to get in shallow and close to nature with ease where other operators cannot. Plenty of wide-open public spaces and all outward facing staterooms connect you with the destination.
- **Our unique Xplorer tenders.** The safari jeeps of the sea; our Xplorers enable guests safe and easy access onto excursions into remote rivers, reef systems and isolated beaches. All guests get out on excursion at once with no queues or waiting. Shade canopy to protect from the tropical sun, comfortable seats, open sides and audio systems enhance the journey. These are supported by Zodiacs along the way.
- **Local expertise that is unrivalled.** Our expert guides and local crew have decades of experience to draw on regarding the tides, the charts, and the seasons. We get you to the right place at the right time and always explore in a respectful and caring manner.
- **All inclusive.** Your cruise fare covers everything that matters most including excursions, activities, meals and drinks, expert guides, taxes, and fees. Unpack once and then simply relax and enjoy the experience.
- **Our service and care.** Our friendly staff and crew have one focus - to help you enjoy the trip of a lifetime. We will always be willing to assist and with a genuine care that is part of our culture.

This is true expedition cruising. At Coral Expeditions, we have built our reputation on offering a truly immersive and authentic expedition cruise experience. It is more relevant today than ever and sets us apart from the pack.

Explore secluded Lizard Island, one of the most beautiful islands on the Queensland Coast, and venture into the crystal clear waters for swimming and snorkelling or take a walk along the white sand beach. The more energetic may join our guides on a walk to 'Cook's Look' on the island's peak. From this high point, Lt. James Cook found a safe passage through the treacherous reef after repairing the *HMB Endeavour* near Cooktown over 250 years ago. The views from the lookout over the reef and islands are magnificent. Later, snorkel over giant clam gardens in the lagoon.

FLINDERS GROUP & DAVIE REEF

Visit Stanley Island in the Flinders Group and view the isolated Endeavour Aboriginal rock art depicting the first sailing ships to visit Queensland shores, and hear stories from a traditional owner of the Yiithuwarra people. At Davie Reef, enjoy swimming and snorkelling and observe the large seabird rookery.

FORBES ISLAND (WUTHARA)

Enjoy a day exploring Forbes Island, an excellent spot for swimming or snorkelling from the pristine sandy beaches. Take a walk to the grave of beche-de-mer fisherman Frederick Lancaster. This tiny island has few human visitors so wildlife is prolific.

TIWI ISLANDS

Be welcomed to the Tiwi Islands with a smoking ceremony, dancing, and an afternoon tea of home-made damper and billy tea. With local Tiwi guides, learn about the unique Tiwi culture and visit the art centre. Enjoy a cultural performance and painting or basket-weaving demonstration before enjoying a traditional Australian afternoon tea of damper and billy tea.

Embark on a guided walk led by our expedition team along the esplanade and learn about the history of the town, a Cooktown coach tour will also be available. The Milbi Wall at the Wharf tells the story of the Guugu Yimithirr people in hand-painted tiles, and the views from Grassy Hill over the Endeavour River are spectacular. Visit the James Cook Museum and examine the relics of Australia's exploration era.

LIZARD ISLAND (JIIGURRU)

A photographer's delight, the views from the lookout over the World Heritage-listed reef and surrounding tropical islands are magnificent.

OSPREY REEF - CORAL SEA

Osprey Reef is the summit of an undersea 2,000m mountain which rises from the seafloor. It is a highly prized tropical dive location amongst scuba divers, and called an 'oasis for living creatures of all kinds' by Sir David Attenborough. The vibrant corals and crystal-clear waters make it an unforgettable place to discover. Here we will spend time in the water exploring the 30m deep lagoon and drift diving the walls, where you may see large pelagic fish, rays, and sharks drawn in from the surrounding deep blue to enjoy the richness of this ocean oasis. Osprey Reef is a true expedition-style destination and our visit is subject to appropriate weather conditions.

STANLEY ISLAND (YINDAYIN) & DAVIE REEF

Visit Stanley Island in the Flinders Island Group and take a walk to view the isolated Endaen Aboriginal rock art guided by a traditional owner who will offer interpretation. The art here depicts the first sailing ships to visit Queensland shores. At Davie Reef enjoy swimming, scuba, snorkeling or glass-bottom boat tours and see Brown Boobie bird colonies at Davie Cay.

Tom Collis
Guest Lecturer

Tom is a qualified naturalist with extensive knowledge of the tropical environment especially birds, marine life and plants. He has worked as a teacher in Arnhem Land, a lecturer and as a professional fisherman. As a Guest Lecturer with Coral Expeditions since 2010, Tom has taught on natural history and birds, mainly in the Kimberley, Tasmania and the Top End.

FORBES & PIPER ISLANDS NATIONAL PARK

Enjoy the morning exploring Forbes Island, an excellent spot for swimming or snorkelling from the pristine sandy beaches. Take a walk to the grave of beche-de-mer fisherman Frederick Lancaster. This afternoon we visit the Piper Islands National Park for beach combing and wildlife viewing. The Piper group consists of five islands (Beesley, Baird, Farmer and Fisher islands and Kay Islet) that lie off the north-east coast of the Cape York Peninsula.

These low and vegetated cays are home to many species of birds and are recognised by Bird Life International as an Important Bird Area.

TURTLE HEAD ISLAND & THE TIP OF CAPE (PAJINKA)

Today will be a truly 'expedition style' excursion, as we venture into the labyrinth of creeks and mangrove systems that make up the Escape River mouth. The Escape River is a wild and remote region even by Cape York standards, with an abundance of estuarine crocodiles. Steeped in history, it is where explorer Edmund Kennedy was fatally speared by local aboriginal people in 1849. We will go ashore at Turtle Head Island, where we will visit a small pearl farm and learn about the process from our hosts Rusty and Bronwyn, with a chance to purchase some beautiful jewelry made of pearls and shell (no eftpos facilities, bring cash).

Later we head ashore to the Tip of Cape York, the northern most point of mainland Australia and a true bucket list destination. Sip Champagne and explore the surrounds as the sun sets.

ALBANY ISLAND & SOMERSET

Go ashore to Albany Island, also known as Pabaju in the local language. This idyllic tropical island is closely associated with one of QLD's worst maritime disasters, the tragic sinking of the RMS Quetta in 1890, in which 134 people lost their lives. Today the island is home to a fishing camp where keen anglers can throw a line in. Enjoy a walk to the island interior to see the graves of the ill-fated Kennedy expedition, beachcomb, or take an Xplorer cruise around the bay.

Later we visit the ruins at Somerset, where a station was established on Gudang country in 1864. It was the first permanent European settlement on the Cape York Peninsula, and was planned to be a port and administrative centre for the Torres Strait region, but this remote colony became a violent place presided over by the infamous Jardine family. Here we can see the tombstones of Frank Jardine and his wife.

BADU ISLAND

In the morning, we visit the indigenous art centre to watch printmakers at work, with the opportunity to purchase prints that catch your eye. Enjoy traditional kai kai (Traditional Lunch) prepared by the local community - a feast of locally caught fresh fish, curried fish and crayfish.

THURSDAY ISLAND (WAIBEN)

The Torres Strait is home to 200 strikingly beautiful islands, however only 17 are inhabited. At Thursday Island embark on a coach tour to view the many sites of this historic and culturally diverse island. Disembark at the Japanese Pearl Divers Memorial, and at the monument to Bernard Namok Senior who designed the Torres Strait Islands Flag. Watch a cultural performance before enjoying free time to explore all the island has to offer, including Gab Titui Cultural Centre and local shopping.

DAY 11: ARRIVE HORN ISLAND OR CAIRNS

Disembark in Horn Island at 8:00am.
Disembark in Cairns at 8:00am.
