Here are general steps to save an email as a PDF across various email platforms:

**1. Open the Email**

- *Log into your email account and navigate to the email you want to save.*

**2. Access Print Options**

- *Look for the Print option. This can usually be found by clicking on the three dots or a menu icon (often labelled “More” or “Actions”) within the email.*

**3. Select Print • Click on Print.**

*This will typically open a print dialog window.*

**4. Choose "Save as PDF"**

- *In the print dialog, instead of selecting a printer, choose “Save as PDF” or “Microsoft Print to PDF” from the list of available printers.*

**5. Adjust Settings (Optional)**

- *You can adjust any print settings if needed, such as layout or margins.*

**6. Save the File**

- *Click Print or Save, then choose the location on your device where you want to save the PDF. Name the file and click Save.*

**7. Verify**

- *Navigate to the location where you saved the PDF to ensure it was saved correctly.*

*These steps can vary slightly depending on the email platform (like Gmail, Outlook, etc.), but the general process remains similar.*
