

PACKING CHECKLIST

PACKING TIPS

Weather conditions can change from one extreme to the other quite quickly. We recommend packing clothes that can be layered. In the event of a wet landing, suitable wet landing shoes, pants which can be rolled up, shorts or a cotton skirt/dress are ideal. A lightweight long-sleeved shirt will help provide protection from the sun or any mosquitoes, and a light jumper is a great way to take the chill of a breezy night.

A rain jacket is also essential in case of wet weather. A wrap scarf to cover shoulders easily is also recommended for cultural experiences requiring additional modesty. The below packing checklist will make packing for your expedition simple.
