Australian Hospitality at Sea

On board our Australian-flagged expedition ships, discover a personalised, relaxed style of cruising. With a maximum of 120 guests, there is no need for queues or assigned seating. Instead, an intimate, convivial atmosphere shared with like-minded travellers makes you feel at home.

Our Australian and New Zealand crew share their passion for our destinations and the explorer's life. Join our engine room tours, watch our chefs at work in the open galley and chat with our Captain or officers on the bridge - they will be delighted to have your company.

Our chefs, inspired by destination flavours, prepare cuisine from fresh regional produce. Our wine cellars hold a curated selection of Australian wines and unique beers.

Our guests love to mingle over drinks as the sun sets, enjoy daily educational presentations by our lecturers, participate in stargazing sessions after dark, or simply find a quiet corner on deck and enjoy the solitude.

The Expedition Experience

We explore remote locations that are hard to reach or not often touched by tourists, with shore excursions providing environmental and cultural appreciation. Our small group sizes ensure your experience is personal, with minimal impact on the communities and environments we visit.

Enjoy excursions or activities each day, guided by expert Expedition Leaders and lecturers who provide commentary on culture, history and the region's unique geology, plants and wildlife to help you connect with these special places.

Why Choose Coral Expeditions

There are many reasons why our guests return to Coral Expeditions. Ours is a true and authentic expedition experience.

Our fleet of three specialised expedition ships and tenders take guests to some of the most beautiful, yet undiscovered islands and coastal regions of the world. Our explorer guests are attracted to our relaxed small ship atmosphere and itineraries that larger ships cannot replicate.

At a time when the cruise industry is moving to larger and less personal ships with more gimmicks, we have purposefully limited the size of our ships to maximise the expedition experience. Our cuisine is prepared in small batches from our onboard galley using quality Australian produce and wine. We operate to high Australian standards of safety with qualified Australian crew wherever we go. We were the first to offer interpretive programs reflective of the destinations we visit and to employ Expedition Leaders, Guest Lecturers, Marine Biologists, and SCUBA Instructors - a tradition that continues today.

This was followed by a number of well-designed demonstrations of traditional practices, including the tattooing of women's faces, fire making, the production and decoration of tapa, and the application of traditional medicines."

Listen to a 'bamboo band' performance during a visit to a local village.

ARNAVONS, SOLOMON ISLANDS

Spend the day exploring the Arnavon Islands marine reserve, home to the largest rookery of endangered Hawksbill Turtles in the South Pacific Region. In 1995 the US based Nature Conservancy helped three local communities come together to create the Arnavon Community Marine Conservation area - it was the first protected area to be established within the Solomons and covers over 40,000 acres of land and sea. Later in the day, travel ashore at Kerehikapa Island and see the magical moment of turtle hatchlings emerging from their nests.

CHOISEUL BAY - CHOISEUL ISLAND, SOLOMON ISLANDS

Choiseul Island's northwest is our last stop in the Solomon Islands. In this beautiful bay surrounded by mountains, we will make our way to Taro Island which is known to be the oldest known site of agriculture in the Pacific. The island is also known for its white sandy beaches where you can further enjoy water activities.

TWO DAYS IN THE AUTONOMOUS REGION OF BOUGAINVILLE

Spend two days exploring the Autonomous Region of Bougainville - a truly 'off the beaten track' destination where tourism remains minimal. The region has two main islands, Bougainville being mountainous, and Buka largely characterized by flat terrain. Snorkel vibrant reefs off the coastline and tour sites of historical significance to its tumultuous past.

RABAU & DUKE OF YORK ISLANDS, PAPUA NEW GUINEA

See the ruins of Rabaul, the hot springs and Mt Tavurvur, World War II bunkers and the famous Rabaul Volcano Observatory. You have the option to embark on an ascent of Mt Tavurvur Volcano, while snorkeling excursions around the Duke of York Islands await those seeking underwater adventures.

RABAU, PAPUA NEW GUINEA

Disembark at 8:00am and join a tour of Kokopo, including the township, war museum and bustling markets. Finish with lunch and time to relax at the Rapopo Plantation Resort before being transferred to the airport for your charter flight to Cairns.

ITINERARY: 21 NIGHTS > RABAU TO SORONG

This itinerary includes a total of 8 full days and 5 half days at sea.

DAY 1: DEPART RABAU, PAUPA NEW GUINEA

Start your journey by boarding a direct flight from Cairns to Rabaul. Once you reach Rabaul, sit back and relax at the Rapopo Resort before boarding the ship at 3:00pm with departure set for 4:00pm. Guests opting for the charter flight will have pre-embarkation details outlined in the pre-cruise documentation, 3 months prior to departure. For guests not taking the charter flight, the meeting venue will be outlined in the pre-cruise departure documentation, also 3 months prior to departure.

DAYS 2-22:

Throughout this expedition, your Expedition Team may make changes to the itinerary in order to maximise your expeditionary experience. Visiting these remote communities is subject to approval of the local landowners. Below are the key destinations we visit.

SEA DAY

Today, you will be introduced to Micronesian culture and protocols. There will be briefings on snorkeling, diving, and other activities including presentations by guest lecturers.

KAPINGAMARANGI ATOLL, MICRONESIA

Kapingamarangi is the most southerly point of Micronesia and a Polynesian outlier, located some 740km from the main island, the state of Pohnpei. The total area of the atoll including the lagoon is 74km sq, it has 33 wooded islets on the eastern side and a population of around 500. Here, you will get to visit the local village where islanders are well known for their wooden carvings. There is also the opportunity to purchase handmade souvenirs and swim in the pristine azure waters on our visit.

SEA DAY

KOSRAE, MICRONESIA

Known as the 'island of the sleeping lady'. Explore the enigmatic Lelu Ruins site, once an impressive city covering 20 hectares with an extensive canal system, social structure and pyramidal tombs. Enjoy snorkelling and diving, or kayaking in the mangrove habitats. Explore the island by guided jungle walks and visit the Giant Clam Farm, or spend time conversing with the local people including a traditional performance.

SEA DAY

POHNPEI (KOLONIA), MICRONESIA

Visit the archaeological site of Nan Madol, a stone city with many ocean-filled canals and channels. Known as the 'Venice of the Pacific', the ancient city was a royal civilisation in the 12th century. Enjoy a walk to the Kapiho Falls and lunch.

ANT ATOLL, MICRONESIA

Walk through the Ant Atoll UNESCO biosphere preserve which is owned by the Rohsa (leader/king). Rohsa has refused all attempts to develop this area preferring it to remain in its natural state and is home to a stunning coral reef where you can snorkel or dive. Home to some of the largest colonies of terns, black noddies and frigatebirds in the Pacific, the lagoon also has a thriving population of grey reef sharks. After exploring the island, enjoy an exclusive remote BBQ lunch set up by our crew.

SEA DAY

TRUK LAGOON, MICRONESIA

With a protective reef of 225km enclosing the natural harbour, Truk lagoon was the perfect location for Japan's World War II South Pacific base. It became the site of a major USA attack called Operation Hailstone in Feb 1944, leaving behind many wrecks which now provide world-class wreck diving. This is a great opportunity

for certified divers to do up to 3 dives on various wrecks. Our Expedition Leader will arrange for a historical guided walk including the abandoned Air Force base on Etten Island.

POLUWAT, MICRONESIA

At Poluwat Atoll, stroll through the local village for a guided look into the lifestyle and culture of the local people. Enjoy a relaxing afternoon swim in the crystal-clear waters and then treat yourself to afternoon tea and Mimosa's on a remote uninhabited atoll.

LAMOTREK, MICRONESIA

Be welcomed into the village with leis, local dancing and singing. Local guides will then take you around the village to learn about medicines and local crafts. Lamotrek is a coral atoll made up of three Islands Falaite, Pague and Lamotrek. Here, you might witness demonstrations of weaving and the creation of traditional foods as well as you can go canoe sailing with the locals or enjoy a snorkel/swim or dive.

IFALIK, MICRONESIA

One of the most traditional villages in Micronesia, Ifalik is determined to maintain a cultural integrity that we are privileged to experience. It is located 700 km southeast of Yap Island. The total land area is 1.47sq. km but has a large lagoon for guests to visit. Learn the history behind Ifalik being known as a "warrior island". Before European contact, its warriors invaded the outer islands in Yap as well as some of the outer islands in Chuuk. Be welcomed by villagers in traditional/ceremonial headdresses and later enjoy a guided walk where you can watch and try the local art of weaving and basket making. Enjoy another spectacular snorkel/swim or dive as well as bird watching on a remote beach.

SEA DAY

YAP ISLAND, MICRONESIA

Spend your day at Yap by visiting the village of Kaday with local guides - home to the Stone Money Bank. Yap State is one of the four states of the Federated States of Micronesia. The main island of Yap is famous for its stone currency - limestone discs (Rai) spanning in size from 4m to 4cm in diameter. Experience the famous Bamboo dance performed by young dancers and spend the rest of your day snorkelling or diving with local guides.

SEA DAY

HELEN REEF OR SONSOROL, PALAU

Meet with local rangers for insights into turtle conservation efforts before embarking on a guided nature walk. Engage in birdwatching activities and then dive into the nearby reef systems for an unforgettable snorkelling, swimming, or diving experience. Located in the southwest Islands of Palau, Helen Reef is a large, enclosed Atoll with extensive reef flats and a large channel complex and a small Island that is a critical sea turtle nesting site and a nesting site for many sea bird species.

SEA DAY

SORONG, INDONESIA

We arrive at Sarong and prepare for a 10:00am disembarkation. Our crew will be there to help with additional information about charter flights. Guests can opt for a local Sorong tour with our guides who can share stories about its history and culture.
